## Leak Detector Spray

### Leak Detector Spray

A non-flammable, operational to  $-30^{\circ}\text{C}$ , non-corrosive and high visibility spray for detecting gas leaks. For the reliable tracing of leaks in compressed air piping, non-flammable, not harmful to skin, non-corrosive.

#### Properties

- \* good anticorrosive properties
- \* ecologically safe
- \* harmless
- \* compatible with metals like aluminium, chrome, nickel, steel
- \* compatible with many seals and plastics
- \* odor less
- \* not suitable for polyamides
- \* high percentage of effective substances
- \* economic in use

#### Applications

- \* to find leaky places in gas and air supply lines, hoses, valves, pipes, compressed air tanks, faucets, gas bottles etc. like it at climatic and refrigerant plants, compressors, oxygen masks, gas transport vehicles and other apparatus
- \* suitably for acetylene, butane, propane, carbon dioxide ( $\text{CO}_2$ ), hydrogen, natural gas, town gas, liquid gas, compressed air systems (brake assemblies)

#### Technical Datas

Color		transparent
Density $20^{\circ}\text{C}$	$\text{kg/m}^3$	1000
Flash Point	$^{\circ}\text{C}$	> 300

The content of this manual is based on our current knowledge and experience in the development and manufacture of lubricants. Because of the complexity of tribological systems, the effect of our products depends on many parameters, which we cannot assess and which influence we cannot evaluate. For this reason general statements about the function of our products are not possible. The information in this manual, therefore, contains non-binding guidelines, which should give the technical trained reader information on possible applications. The information in this manual does not include property assurances or warranties or guarantees to the properties or suitability of this product in a specific application. Prior to its use it is absolutely necessary to test this product in the application to ensure that the product and its use is safe, economical and fully suitable. It should proceed with due diligence.
